DETAILED ACTION

Allowable Subject Matter

Claims 1-4, 6-8, 27-30 and 32-34 are allowed over the prior art of record.

The following is an examiner's statement of reasons for allowance:

With regards to claims 1 and 27, the prior art of record alone or in combination fails to teach or fairly suggest receiving an expected packet length indicative a number of complete sample blocks for the packet, receiving an actual packet length indicative of a number of complete sample blocks for the packet, and accepting the number of complete sample blocks indicated by the actual packet length despite the expected packet length indicating fewer complete sample blocks than the actual packet length, in combination with the other limitations found in the claims.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to David E. Martinez whose telephone number is (571) 272-4152. The examiner can normally be reached on 8:30-5:00 M-F.
